Hi, Gary and Donn. David G has been responding to questions about SJ with the Mayor's DC rep. He has addressed all their questions, except for this:

Highlands groundwater contamination status - Mayor DonCarlos was very willing to weigh in with Harris County if need be. seems like there was an exchange during our conference call discussion about the Highlands area as well and maybe some follow-up with Harris County and I just wanted to make sure we were doing that as well since the Mayor offered to be helpful if you weren't getting the response needed in a timely manner?

Can you help me with this answer, please? Thanks. Carmen

Sincerely,
